

Our top model with stereo sound

With its compact design and intuitive operation, the KODAK VRC550 digital voice recorder is ideal for making instant audio recordings in WAV/MP3 formats wherever you are. Its built-in lithium battery provides up to 20 hours of operating time and its 16 GB internal memory provides 1162 hours of recording time for uninterrupted use. You can even get up to 144 hours of additional recording time if you insert a micro SD card up to 32 GB (not included) into the dedicated slot. Whether it is to record ideas coming to mind or avoid tedious note-taking in situations where it's best not to leave anything out, it fits your needs and has useful functions such as voice-activated recording or parasitic noise reduction. Its Plug and Play technology not only makes it easy to transfer recordings to a computer, but also to download music so that you can use it as an MP3 player. Finally, it is even possible to connect earphones (included) to it thanks to the 3.5 mm stereo input jack.

KEY FEATURES:

- · Stereo recording
- Micro SD card slot (up to 32 GB)
- 16 GB internal memory
- Lithium battery
- Up to 1162 hours recording time
- Instant recording button
- Voice activated recording function
- Noise reduction
- Plug & Play technology
